

Enriching children's lives through learning

ECKA believes that the lives of children can be transformed through education. We know that early childhood development drives success in school, health, career, and life. High quality early childhood education can deliver long-term benefits that extend into adulthood.

About Us

Since 2003, ECKA has provided early childhood education in Ballarat and across Central Victoria. Employing over 120 staff, we work with state & local government, other Not for Profits, to deliver quality and accessible early learning to children in rural and regional communities with a commitment to those who are most vulnerable.
